

Who needs Atlas Denture Comfort?

Denture patients who...

- Are dissatisfied with their dentures
- Have discomfort
- Have a limited budget
- Fear surgery
- Want fast results
- Don't like the smell or taste of adhesives
- Are embarrassed speaking
- Have trouble chewing
- Will receive their first dentures

You are not alone!

"Of the 35.7 million American denture wearers 21.4 million of them have at least one problem with a denture...and severe or extensive denture problems presented in this paper may be conservative."

NATIONAL INSTITUTE FOR DENTAL RESEARCH
WASHINGTON, DC – 1996

If you, your family members, or friends experience discomfort with dentures call our office to see if you are a candidate for
